Faviola Rivera-Ramirez Selected as Islander of The Month

Each month we will select one of our Islanders to represent us as Islander of the Month. Our first student is the wonderful Faviola Rivera-Ramirez.

Faviola is now a sophomore and is well known by her peers and teachers as one of the kindest, most intelligent students on Johns Island.

She is currently sailing through her Honors English, Honors Algebra 2, Honors Chemistry and Hospitality and Management classes. She is also an accomplished Volleyball player who has a mean top-spin serve. Congratulations Faviola!

Alex Marchesillo Selected as Fox 24 Student Athlete of the Month

St. John's is represented again with the great effort of Alex Marchesillo. Alex and his two sisters, Amara (senior) and Marissa (junior) joined St. John's last year and all have made an impression on our school ever

Alex is a three sport athlete (Football, Basketball and Baseball, and is a strong presence both on and off the field. He is conscientious, works hard and is full of Islander Spirit. We are lucky to have him and his sisters here at St. John's!

MESSAGE FROM THE PRINCIPAL

We had a great time at the John's Island Parade!

Achieve 3000 Helps Boost Literacy

This year all students at St. John's High School will be working on building their college and career level literacy skills. To help, we will be using an adaptive software call Achieve 3000.

Each student has been assessed for their current literacy level (called a Lexile Level) and will work on at least lessons a week to build comprehension, vocabulary, and fluency. All students have access to this program at home, so if you are looking for something for your child to work on, ask them to do some work on their Achieve.
